SOFTWARE DEVELOPER

Nagpur │ bharatmain27@gmail.com

SUMMARY

Enthusiastic and innovative Software Developer with strong expertise in full-stack development, problem-solving, and building real-world solutions. Skilled at rapid prototyping and creating impactful digital solutions.

PROFESSIONAL SKILLS

Full-Stack Development   REST API Integration

Database Management

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js

Miscellaneous:
Git & GitHub
Nginx
MongoDB

PROFESSIONAL EXPERIENCE

Software Developer Intern – GrowthSphere Industries   **Jan 2025 - June 2025**

- Collaborated with the development team to build and optimize web applications using React.js and Node.js, ensuring responsive and scalable solutions.
- Designed and implemented RESTful APIs to streamline data exchange between the frontend and backend.
- Worked with MongoDB for efficient data management and query optimization.

Freelance Software Developer   **Feb 2025- Present**

- Developed and deployed custom web applications for clients using React.js (frontend) and Node.js/Express.js (backend).
- Built and customized Discord bots with features like automation, ticket systems, slash commands, and API integrations for international communities.

PROJECTS

- Portfolio Website – Personal site showcasing projects, built with React.js, animations, and responsive UI.
- Smart Logistics System – Built a React.js + Node.js web app for real-time fleet tracking and route optimization using Google Maps API.
- Event Management System – Managed virtual events and coordinated team roles.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering   **Aug 2024 - Present**
Ramdeobaba University, Nagpur

- Relevant Coursework: Data Structures & Algorithms, Web Development, Database Management, Software Engineering, IoT
